

The Tennis and Basketball areas will again be adjacent to each other at the new KSA

Courts and fields at the new KSA are centrally located and meticulously maintained. Campers will continue to experience the outstanding professional instruction that has made Kutsher's Sports Academy the top sports camp in the country for the past 40 years, all in a brand new state-of-the-art facility. The entire coaching staff and administration, as well as many of our counselors from past years will be returning to share in the excitement of our new location.

Our main lodge is 15,000 square feet of rustic beauty, housing three pine-paneled dining rooms, the canteen and game room, a television and movie theater, and a dance/aerobics studio. All KSA facilities are centrally located to the lodge, with soccer fields to the front and side and basketball and tennis courts behind, making for easy access to all activities. The lodge, similar to most of the buildings at the new KSA, is equipped with air conditioning for the summer as well as heating for fun reunions and possible ski weekend events during the winter.

Bunk life will be quite the experience for KSA campers in our new setting. All of our spacious bunks were recently used as resort accommodations for weddings, bar-mitzvahs and corporate outings. Boys camp consists of elementary (Olympic Village), middle School (Robinson) and Senior High (Stokes) divisions, while the girls Evert bunks sit on the lower campus with rear decks providing gorgeous views of the lake.
